Highland Farm is happy to announce that we are now accepting reservations for our lean and tender whey-fed pork. The reservation window will be open until April 15th.

Our pigs are fed a diet of:
fresh whey from the creamery*
Highland Farm grass
non-antibiotic hog feed
fruits & vegetables

** fresh whey is a by-product of the cheesemaking process and is an excellent source of high-quality protein, vitamins, minerals and lactose*

Customers will be able to purchase any quantity in units of $\frac{1}{4}$ hog. A $\frac{1}{4}$ share yields approximately 45 lbs of meat. Each portion consists of pork chops, ham, roast, bacon and 3 types of sausage. At \$4.55/lb, a $\frac{1}{4}$ share will cost approximately \$205. Actual cost will be calculated at the time of harvest.

Required is a \$50 deposit for a $\frac{1}{4}$ share or \$100 for a $\frac{1}{2}$ share or more. You can make your deposit in 4 ways:

1. Go to shop.calkinscreamery.com, click on "pork reservations" and pay securely via PayPal
2. In-person: cash or check made out to "Highland Farm"
3. Over the phone via Visa or Mastercard
4. Mail a check to:

Highland Farm

Customers will be notified approximately 3 weeks in advance of the pickup date at the farm. July 15th is the target date. All customers will be asked to pickup their pork on a Saturday during creamery hours and to pay the balance of their bill. If you have specific questions on this opportunity, please email zack@CalkinsCreamery.com
