Highland Farm is happy to announce that we are now accepting reservations for our lean and tender whey-fed pork. The reservation window will be open until September 5th.

Our pigs are fed a diet of:
whey discharged from the creamery*
Highland Farm grass
non-antibiotic hog feed
fruits & vegetables

** our fresh whey comes from our dairy herd and is an excellent source of high-quality protein, vitamins, minerals and lactose*

Customers may purchase any quantity in units of $\frac{1}{4}$ hog. A $\frac{1}{4}$ share yields approximately 45 lbs of meat. Each portion consists of pork chops, ham, roast, bacon and 3 types of sausage. At \$4.55/lb, a $\frac{1}{4}$ share will cost approximately \$205. Actual cost will be calculated at the time of harvest.

The farm requires a \$50 deposit per $\frac{1}{4}$ share (for a $\frac{1}{2}$ share, the required deposit is \$100). You can place your order and make your deposit in 4 ways:

1. Go to shop.calkinscreamery.com, click on "pork reservations" and pay securely via PayPal
2. In-person at the creamery: cash, credit card or check made out to "Highland Farm"
3. Over the phone with Visa or Mastercard: 570-729-8103
4. Mail a check to:

Highland Farm

Customers will be notified approximately 3 weeks in advance of the pickup date at the farm, which is targeted for January '11. All customers will be asked to pickup their pork on a Saturday during creamery hours and to pay the balance of their bill. Please direct all questions regarding this opportunity to Zack at zack@calkinscreamery.com
